

Jobs

Haines Phillips Architects are seeking a talented Architect with between 2 to 5 years experience to join our small, dynamic office.

We have a varied workload (including in commercial, mixed use and arts projects) but concentrate on residential projects at a wide range of types and scales.

Candidates will have excellent design skills and CAD proficiency (Vectorworks preferred).

They should also have proven experience of all aspects of a project, including job-running, site work and technical detailing in particular of residential developments and extensions.

Salary to be commensurate with Qualifications and Experience.

Please email Paul Lofthouse at paul.lofthouse@hainesphillips.co.uk with your CV for consideration for interview.
